

## Our Mission Statement

*Creating visions of the future through today's strong foundations.*

*Our ethos, through our Mission Statement, underpins all that we do for the benefit of our children.*

*Our unique curriculum recognises the child as an individual in all aspects of their education and growth; academically and socially.*

*We see our children as future citizens and seek to equip them to be confident in their own ability to make worthwhile contributions in the world today.*

## Growing Together

### *Our Aims:*

*Creation of an inclusive, unique and extended curriculum; making learning relevant and enjoyable.*

*Provision of a stimulating learning environment where all children can reach their full potential*

*Recognition that staff and children are valued with each and every success openly celebrated.*

*Guidance and encouragement for children to develop self-discipline, respect for others and themselves; providing opportunities for children to become valued citizens ready to meet the challenges of today's changing world.*

*Development of a close partnership with parents/carers; built on mutual respect and trust.*
