

Dear Parents and families,

As you will no doubt know Adlington library is the only library in the Chorley area that LCC is planning to close.

Could you help with the Save Adlington Library Campaign. We would be grateful for any assistance that you, your child and their school can give.

Possible suggestions would be:-

1. Children write and send letters/emails to the councillors at LCC. Could they do pictures and send them as well. (email addresses are attached)
2. Can School and parents email the councillors on behalf of the school/ community.
3. Everyone to get involved!
4. Please use the library – every week- and take out as many books as possible.
5. Send your child's letters and pictures to the library!

We need to preserve the library for future generations, your help and your child's school's help is very much needed.

Thank you.

Caroline Hesketh on behalf of the
Campaign to Save Adlington Library
