

Happy New Year Wishes to all families and friends of Rivington Foundation Primary School!

It's that time of year when we look forward and plan. The unwritten page ahead, crisp and welcoming! With our Spring term ahead; it is time to plan our School garden, seeds and bulbs to sow and plant. Our children's education too, is like a garden; with school and home, nurturing and growing the love of learning - so that ideas and questions can flourish.

Here at Rivington we aim to provide the best conditions for each child.....to enable their ideas and questions to grow into skills, knowledge and understanding.

Only our best will do !

With the best of wishes for 2017..!
