

Hello everyone,

Our School garden has been transformed recently with sparkling frosts on several mornings! With the sky in bands from pink to pale blue it looks truly magical!

We have been working on our garden earlier this term and now have 'put it to bed' until spring when we can continue the work in hand! KS1 are still planting in school- bulbs in pots, to be ready for Spring...fantastic opportunities to learn, observe and understand.

December too is a magic time in school; with Christmas at the heart of it. Our Christingle service is, for many of our parents and grandparents, the start of Christmas. Hearing the children sing 'Away in a Manger' in the flickering light is a moment to treasure.

Our last Open day was on the 8th December. It is a great pleasure sharing what makes Rivington such a special place for our children...also, for our children to share their enjoyment of learning; with their good manners being noted too! Being part of our Rivington School family is something to be proud of.

Our PTA always have a non-stop, packed programme for December ! From Elves and their workshops in school - to a Christmas Fair with Snowglobe! It was a fantastic way to round off the week!

The fun continues with all classes singing at our very popular Grandparents' Tea Parties - with PTA providing refreshments here and also at our KS2 Musical & Reception/ KS1 Nativity- which are a treat for everyone! Get ready to sing along - or have your hanky out!

Mix in Parties for each class, together with a whole school pantomime visit and term is then nearly at an end with our PTA Breakfast with Santa!

Remember your tickets for the PTA raffle- fantastic Hamper prizes!

Don't miss your chance to win!

Alongside our festivities - teaching & learning carry on too! Never a minute wasted!

We truly hope to live our motto in every way....Only my best will do!
